Mission Statement

To provide quality community services and facilities, which meet the needs of the current and future residents of Osoyoos, in a socially, economically and environmentally sustainable manner.

Mayor's Message

On behalf of Osoyoos Town Council and staff, I am pleased to present the 2022 Annual Report. This report provides the community with an update

In August 2022 a new CAO was hired and in October a new Council was elected. Council orientation with town directors was started in November and a strategic priorities chart was compiled. These priorities include short and long term objectives. They will be reviewed and updated regularly.

Council has been proactive in meeting with several Provincial and Federal Ministers using video conference and meeting in person. Council continues to serve on the Destination Osoyoos (DO) board,

the Okanagan Regional
(ORL) Board, The Regional
District of Okanagan
Similkameen (RDOS)
Okanagan Basin Water
Board (OBWB), International
Lake Osoyoos Board of
Control (ILOBC), Municipal
Insurance Association (MIA),
Economic Trust of the
Southern Interior (ETSI-BC),
and attend Board and
education meetings at School
District (SD) #53.

I would like to acknowledge and thank the many volunteers who have found innovative ways to add popular annual events to our community.

Thank you as well to the businesses who continue to make adjustments to their premises in order to serve their customers safely. This allowed all of us to shop locally and support the community.

Council strives to ensure that we provide a safe environment, efficiently managed services, and an attractive town for both our citizens and visitors.

Osoyoos shall continue to be a transparent, inclusive and progressive community offering "Canada's warmest welcome."

Smokortoff

Mayor Sue McKortoff

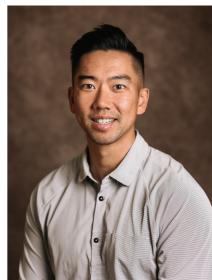

Mayor and Council

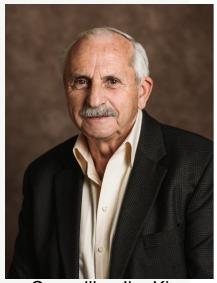

Mayor Sue McKortoff

Councillor Myers **Bennett**

Councillor Johnny Cheong

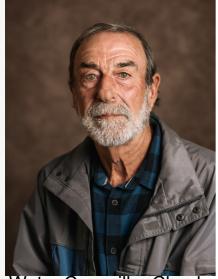

Councillor Jim King

Councillor Zach Poturica

Water Councillor Bob **Appleby**

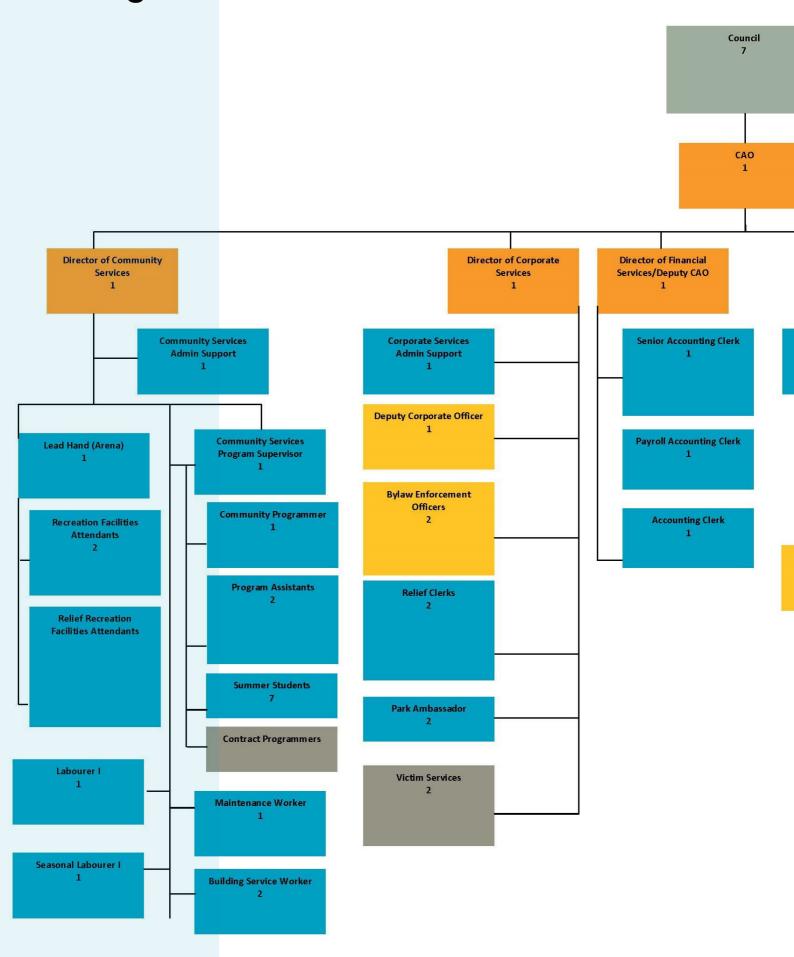

Water Councillor Claude Moreira

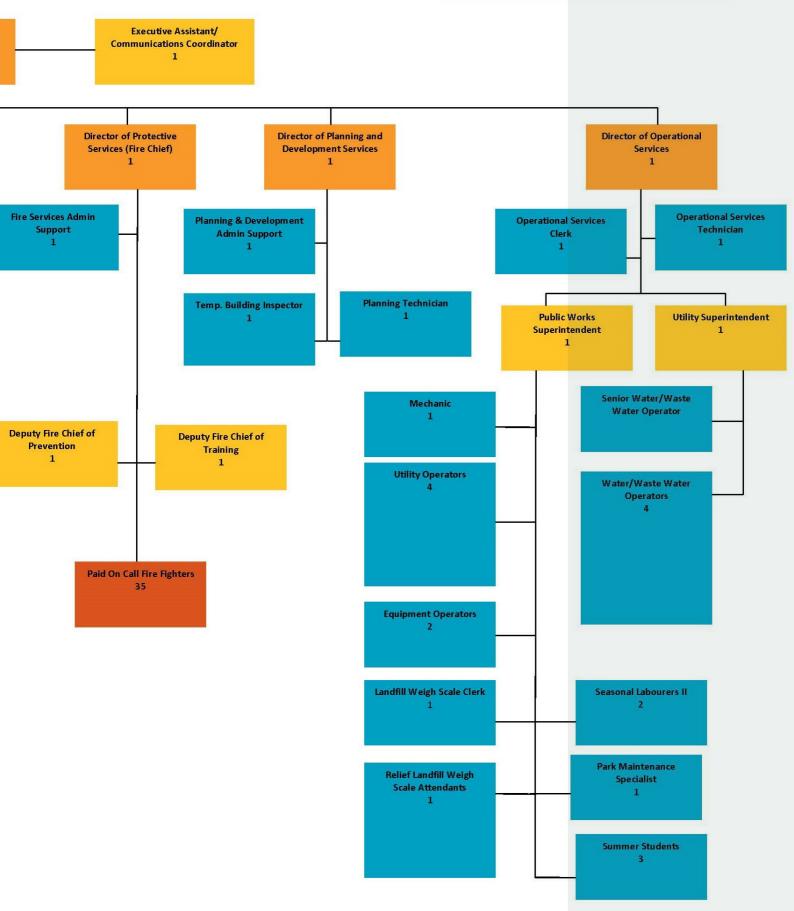

The Town of Osoyoos is governed by an elected Council comprised of a Mayor, four Councillors, and two Water Councillors.

Our Organization

Message from the CAO

The 2022 Annual Report showcases the overall results of an interesting year. The pandemic continued to impact service levels, leaving an economic trail of high inflation and global supply chain shortages. Fortunately, our reputation of "Canada's Warmest Welcome" continued attracting tourists and snowbirds, enabling our community to flourish during these uncertain times.

Despite some of the global challenges and a transition in the Chief Administrative Officer position, the administrative leadership team and staff continued to deliver on day-to-day operations and implement other strategic priorities as outlined in this report.

Since I joined the team in August 2022, a significant renewed focus has been put on our water quantity and quality situation. Administration also provided our new Council with an extensive orientation program, resulting in a strategic priorities chart that will form the basis of our future focus.

I want to acknowledge the hard work of our dedicated staff. Every day our residents, businesses, and visitors can utilize services and facilities that these people look after. Thank you, team. You make me proud and put a smile on my face every day!

I also want to thank the previous and current Council for their countless hours of dedication to the community and for providing leadership to the organization. Their commitment is admirable, and I look forward to continuing a strong and productive working relationship.

This report has a new look which I hope you enjoy. Your feedback is and will continue to be appreciated.

On behalf of the Town's staff, we are proud to have served you this past year and are looking forward to 2023, where we will make Osoyoos an even greater place to live, work and play!

Rod Risling

Molfiel.

Chief Administrative Officer

Corporate Services

The Corporate Services Department encompasses legislated responsibilities for the Corporate Officer under the *Community Charter*, Bylaw Enforcement, Communication, Freedom of Information Inquiries, Human Resources, Insurance, Land Issues, Leases, and Agreements, Local Government Elections, main Reception duties, Records Management, Transit, and Victim Services.

2,986 minutes spent in Council meetings

26 Bylaws passed by Council

423 Council Resolutions

5 Polices updated

Local Government Election Recap

- Two advanced voting opportunities: October 5, 2022, 417 ballots cast, and October 12, 2022, 579 ballots cast.
- General Voting Day October 15, 2022 1,105 ballots cast.

Year	Total Voters	# Of Electors	%
2022	2101	4769	44.1%
2018	1593	4210	37.8%
2014	1648	3890	42.4%

- Adapted Swing was added to Lion's Park.
- Winter Break camp was held.
 Three leaders from the high school ran the program, and 12 children registered.
- Compressor in the plant room were overhauled.
- Installation of electrical in the upstairs Mezzanine to accommodate the new cooler and bar and additional power for special events.
- New programs including Learn to Mountain Bike, BellyFit, Groove It and preschool gardening.

Committees

Community Services Advisory Board is made up of individuals from the Town of Osoyoos, the Regional District of Okanagan Similkameen (RDOS), School District #53 and elected officials. The Committee's core responsibilities are to review financials, discuss recreation issues and program ideas, and analyze or hear from community members before presenting to Council.

The Accessibility and Age-Friendly committee was established in 2018. The same year the Town received an "age-friendly" designation from the province. The Committee is five members from the public, a member of Council and the Director of Community Services. They will advise for future planning of municipal services, programs, and facilities. They will monitor these services and evaluate the progress of these activities.

Osoyoos Airport Development Committee was formed in October of 2021 to manage improvement projects at the airport lands. These improvements are made possible through a Provincial Government grant which was awarded to the Osoyoos Airport Development Society (OADS). The Committee oversees the progress of development projects outlined in the Grant proposal, including an extension of the runway and fencing for the airport lands.

South Okanagan Aquatic Centre Advisory Committee acts in an advisory and leadership role to facilitate the process of developing a South Okanagan Aquatic Centre feasibility study on behalf of the Service Area Participants. The Committee is to serve in an advisory capacity and lead the process of completing a feasibility study.

Management Report

The Financial Statements contained in this Statement of Financial Information under the Financial Information Act has been prepared by management in accordance with generally accepted accounting principles, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and to ensure that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal controls and exercises this responsibility through the Chief Administrative Officer. Council meets with management quarterly and with the external auditors one time a year.

The corporation's Director of Financial Services has the responsibility for assessing the management systems and practices of the corporation.

The external auditors, MNP, conduct an independent examination in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the corporation's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The external auditors have full and free access to Council and meet with them annually.

On behalf of the Corporation of the Town of Osoyoos,

Jim Zakall
Director of Finance

Management's Responsibility

To the Mayor and Council of the Corporation of the Town of Osoyoos,

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards and ensuring that all information in the annual report is consistent with the statements. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Mayor and Council are composed entirely of individuals who are neither management nor employees of the Town. The Mayor and Council are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial information included in the annual report. The Mayor and Council fulfill these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Mayor and Council are also responsible for appointing the Town's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the Mayor and Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with, both the Council and management to discuss their audit findings.

May 9, 2023

Chief Administrative Officer

Director of Finance

Independent Auditor's Report

To the Mayor and Council of the Corporation of the Town of Osoyoos,

Opinion

We have audited the financial statements of the Corporation of the Town of Osoyoos (the "Town"), which comprise the statement of financial position as at December 31, 2022, and the statements of operations and accumulated surplus, changes in net financial assets, cash flows and the related schedules for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2022, and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Town in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the annual report. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Town's financial reporting process.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Town to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of these financial statements

Corporation of the Town of Osoyoos Notes to the Financial Statements

For the year ended December 31, 2022

The Corporation of the Town of Osoyoos (the "Town") was incorporated as a Town in 1983 under statute of the Province of British Columbia. Its principal activities include the provision of local government services to residents of the incorporated area. These include general government, protective, water, sewer, recreation and cultural, environmental, transportation, and public health services. The financial statements include the results of operations for all services.

1. Significant accounting policies

The financial statements of the Town are prepared by management in accordance with Canadian public sector accounting standards as recommended by the Public Sector Accounting Board (PSAB) of CPA Canada. Significant accounting policies adopted by the Town are as follows:

(a) Basis of accounting

The Town follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Property tax revenue

Property tax revenue is recognized at the date property tax notices are issued, based on property assessment values issued by BC Assessment for the current year and tax rates established annually by bylaw. Assessments are subject to appeal and tax adjustments are recorded when the results of appeals are known.

(c) Government transfers

Government transfers are recognized as revenue in the period the transfers are authorized and any eligibility criteria have been met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability and recognized in the statement of operations as revenue as the stipulation liabilities are settled.

(d) Deferred revenue

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.

Development cost charges are amounts which are restricted by government legislation or agreement with external parties. When qualifying expenses are incurred development cost charges are recognized as revenue in amounts which equal the associated expenses.

For the year ended December 31, 2022

1. Significant accounting policies (continued)

(e) Investment income

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

(f) Restricted surplus

The restricted surplus represents reserves set aside for future expenses. Non-statutory reserves represent an appropriation of surplus for specific purposes. Reserves for future capital expenditures represent funds to finance incomplete capital projects. Statutory reserves are restricted by the Community Charter and the associated municipal bylaws that establish the reserves. A schedule accompanying these financial statements provides details of the various restricted surpluses held and the changes during in the current year.

(g) Cash and cash equivalents

Cash and cash equivalents include cash and highly liquid investments with a term to maturity of 90 days or less at acquisition and readily convertible to cash.

(h) Long-term debt

Long-term debt is recorded net of principal repayments and actuarial adjustments.

(i) Liability for contaminated sites

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the Town is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at December 31, 2022. No liability has been recorded at December 31, 2022 as no contaminated sites exist.

(j) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

For the year ended December 31, 2022

1. Significant accounting policies (continued)

(i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost less residual value of the tangible capital assets, excluding land, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Useful life - years
Land improvements	10-40
Buildings	5-50
Furniture, equipment and vehicles	1-25
Roads and drainage	10-60
Water infrastructure	10-80
Sewer infrastructure	10-80

Annual amortization is charged in the year of acquisition. Amortization is charged to the date the asset is sold in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

(iii) Natural resources

Natural resources that have not been purchased are not recognized as assets in the financial statements.

(iv) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

(v) Interest capitalization

The Town does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

For the year ended December 31, 2022

1. Significant accounting policies (continued)

(I) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period.

Significant estimates include assumptions used in estimating provisions for accrued liabilities, estimated useful lives of tangible capital assets, valuation of accounts receivable, and landfill closure and post-closure liabilities.

Liabilities for contaminated sites are estimated based on the best information available regarding potential contamination where the Town is responsible.

(m) Debt charges

Debt principal repayments are not included in the statement of operations pursuant to PSAB disclosure. Interest expense is recorded on an accrual basis and is expensed to the current year operations.

(n) Deferred development cost charges

Certain user fees and development charges are collected for future services and acquisitions. These revenues are deferred and recognized in the period in which the specified expenses are incurred, services performed, or the tangible capital assets acquired.

(o) Employee future benefits

The Town and its employees make contributions to the Municipal Pension Plan. As this plan is a multi-employer defined benefit pension plan, the Town's contributions are expensed as incurred.

(p) Expenses

Expenses are recognized as they are incurred and measurable based on receipt of goods or services and/or the creation of a legal obligation to pay.

(q) Inventory

Inventory is valued at the lower of cost and net realizable value, with cost determined on a first-in, first-out basis.

(r) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

(s) Prepaid expenses

Various items are included in prepaid expenses including insurance and deposits. These items are intended to be included in expenses in the next financial reporting period and as such are not considered financial instruments.

For the year ended December 31, 2022

1. Significant accounting policies (continued)

(t) Tax collections for other governments

The Town is required by legislation to collect property taxes on behalf of other governments. These collections and requisitions are not included in the Town's financial statements as part of the statement of operations.

(u) Temporary investments

Temporary investments consist of Guaranteed Investment Certificates (GICs) with varying maturity dates between one and three years. These investments are carried at cost plus accrued interest which approximates the fair value due to the liquidity of the temporary investments.

(v) Trust funds

Trust funds and the related assets and liabilities held by the Town for cemetery care are not included in the statement of financial position. A Statement of Cemetery Care Trust Funds is provided for information purposes.

2. Cash

	2022	2021
General funds	6,428,299	11,836,795
Development cost charge (Note 7)	2,507,416	1,908,791
Resort Municipality funds (Schedule 1)	1,514,271	1,124,463

0015-0	2027	-	-	7,550	-	120,850	-
1258	2030	3.80%	2,518	7,230	3,125	97,014	107,369
1290	2033	3.85%	11,059	9,646	3,555	185,165	198,366
1306	2047	2.80%	160,724	120,654	15,143	5,099,580	5,235,377
1185	2023	4.78%	8,664	9,194	12,932	23,232	45,358
1348	2041	2.99%	39,703	61,773	-	1,477,086	1,538,859
1184	2023	4.78%	15,618	16,573	23,312	41,879	81,764
1347	2039	2.66%	78,400	130,254	7,933	3,097,395	3,235,582
			316,686	468,168	66,000	10,462,859	10,868,627

The estimated aggregate repayments on long-term debt over the next five years are as follows:

2023	459,258
2024	412,409
2025	402,009
2026	476,922
2027	354,523

Interest paid on the long-term debt totaled \$316,686 (2021 - \$288,263) and is expensed in the segment to which the debt relates (see Note 17). The actuarial adjustment for the year was \$66,000 (2021 - \$60,886).

For the year ended December 31, 2022

9. Landfill closure and post-closure liability

The provincial Waste Management Act, as well as the B.C. Landfill Criteria for Municipal Solid Waste, sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. The Town is committed to ensuring that the landfill in its care is managed in a fiscally responsible manner, which has included setting aside funds to pay for landfill closure and post-closure activities in accordance with the Solid Waste Management Plan which was updated in 2018. Landfill closure and post-closure requirements have been defined in accordance with industry standards and remediation activities include final covering of the site, groundwater and surface water monitoring, maintenance of the drainage structure, site inspection and environmental monitoring. Post-closure care is estimated to continue for 30 years after final closure of the landfill site, which is planned for 2042. Based on current estimates, remaining capacity of the landfill is 72.0% (2021 – 75%).

This requirement is being provided for based on a number of factors including the percentage of landfill capacity already filled, usage based on tipping fees and consultant estimates, the projected closure dates, the regulated monitoring period, the estimated annual management costs and a present value discount rate. As at December 31, 2022, using the most recent closure plans and updated cost estimates for closure and post-closure care, the Town has estimated its liability for these costs at \$239,230 (2021 - \$227,710). The unspent reserves that were established towards funding the landfill closure and post-closure care costs form part of the accumulated surplus and had a balance of \$nil at December 31, 2022 (2021 - \$322,713).

The estimate for closure and post-closure liability in these financial statements has been calculated based on consultants' estimates in their preparation of the closure plans for the landfill and estimated timing of closure projects. The 2022 increase in closure and post-closure costs of \$11,519 (2021 - \$17,648) has been included in the environmental health services repairs and maintenance expenses.

For the year ended December 31, 2022

10. Tangible capital assets

2022	Land & Improvements	Buildings	Furniture, Equipment & Vehicles	Roads & Drainage	Water Infrastructure	Sewer Infrastructure	Total

For the year ended December 31, 2022

11. Accumulated Surplus

Accumulated surplus is represented by:

	2022	2021
Unrestricted surplus	9,349,086	7,378,245
Restricted surplus (Schedule 1)	12,738,550	13,182,692
Equity in tangible capital assets	69,144,749	68,248,206
	91,232,385	88,809,143

12. Commitments and contingencies

- a) The Town, as a member of the Regional District of the Okanagan-Similkameen ("RDOS") and the Regional Hospital District ("RHD"), is responsible for its portion of any operating deficits or long-term debt related to functions in which it participates. Under provisions of the Local Government Act, the RDOS debt is a joint and several liability of the RDOS and each of its member municipalities.
- b) The Town and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2021, the plan has about 227,000 active members and approximately 118,000 retired members. Active members include approximately 42,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The Town paid \$292,301 (2021 - \$287,079) for employer contributions to the plan in fiscal 2022.

The next valuation will be as at December 31, 2024, with results available in 2025.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

c) Debentures are covered by a loan agreement with the Municipal Finance Authority of British Columbia (the "MFABC") which provides that, if at any time the payments provided for in the agreement are not sufficient to meet the authority's obligations in respect of such borrowings, the resulting deficiency becomes a proportional liability of each local government member. As these demand notes are contingent in nature, no liability is recorded.

For the year ended December 31, 2022

12. Commitments and contingencies (continued)

d) The Town rents a space for a fire hall under an annual operating lease which expires in May 2024. Future minimum payments under the operating lease for the firehall space are as follows:

2023	17,358
2024	7,295

e) The Town, along with the RDOS, jointly appoints members to a recreation commission having responsibility for the management of the Sun Bowl Arena. The Town provides management services under a contract that allows for the supervision and operation of the Sun Bowl Arena. The operations of the Sun Bowl Arena are wholly consolidated by the RDOS.

13. Municipal Finance Authority of B.C. deposits

The Town issues its debt instruments through debenture financing obtained from the MFABC. A condition of the MFABC borrowing is that a portion of the debenture proceeds are withheld by the MFABC as a debt reserve fund. The Town executes demand notes in connection with each debenture and the related debt reserve, whereby the Town may be required to loan certain amounts to the MFABC (see Note 12c). The details of the cash deposits and demand notes at the year-end are as follows:

	Cash Deposits	Demand Notes	2022	2021
General fund	71,427	95,771	167,198	165,181
Sewer fund	47,271	85,217	132,488	131,455
Water fund	20,890	44,164	65,054	65,054
Total	139,588	225,152	364,740	361,690

14. Government transfers

Government transfers are included in the revenues identified as Grants – provincial, Grants – other, and Grants in lieu of taxes. In 2022, the Town received and recorded as revenue the following transfers:

	2022	2021
Unconditional transfers		
Federal	19,023	13,912
Provincial	631,000	500,000
Municipal	70,000	77,609
	720,023	591,521
Conditional transfers		
Provincial	1,039,670	2,260,858
Municipal	1,105,009	452,756
	2,144,679	2,713,614
Total government transfers	2,864,702	3,305,135

For the year ended December 31, 2022

15. Budget amounts

The budget data presented in these financial statements is based upon the 2022 operating and capital budgets adopted by Council on April 12, 2022. Subsequent amendments have been approved by Council and are not reflected in the financial statement budget figures presented. The following table reconciles the approved budget to the budget figures reported in these financial statements.

	Budget amount
Annual surplus per statement of operations Adjust for budgeted cash items not included in statement of operations	4,730,647
Borrowing Proceeds	509,400
Transfer from reserves and prior year surplus	6,555,736
Transfer to reserves and other governments	(499,185)
Tangible capital asset acquisitions	(10,945,955)
MFABC debt principal repayments	(350,643)
Total adjustments	(4,730,647)
Balanced budget per financial plan	-

16. Recent Accounting Pronouncements

PS 3280 Asset Retirement Obligations, issued August 2018, establishes standards for recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of tangible capital assets and is effective for the Town as of January 1, 2023. A liability will be recognized when, as at the financial reporting date:

- (a) There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) The past transaction or event giving rise to the liability has occurred;
- (c) It is expected that future economic benefits will be given up; and
- (d) A reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

Management is in the process of assessing the impact of adopting this standard on the Town's financial results.

For the year ended December 31, 2022

17. Segmented information

The Corporation of the Town of Osoyoos is a municipal government that provides a range of services to the citizens of Osoyoos and area. The Town is governed by an elected Council comprised of a Mayor, four Councillors, and two Water Councillors, whose authority is set out in the Community Charter and Local Government Act. The Town's operations are organized and reported by Fund. The Funds have been segmented into the various services provided and summarized below.

General government services include administration, finance, legislative, information, customer services, and human resources functions. Revenue and expenses in this segment relate to operations of the Town and cannot be directly attributed to another segment.

Protective services include fire protection, bylaw enforcement, animal control, community planning and development services, and occupational health and safety functions of the Town. Fire protection is provided by a fire chief and volunteer members whose duties include inspections, enforcement, and fire suppression.

Transportation services include road and sidewalk maintenance, street lighting maintenance, storm drain maintenance, snow removal, and the equipment used within these functions.

Environmental services include garbage collection, recycling, and landfill operations of the Town.

Recreation and cultural services include various recreational programs, the Desert Park facility, Sun Bowl arena, the Sonora Centre, the marina, the museum, the library and the parks operations.

Public health services include the operations related to South Okanagan Emergency Preparedness, Emergency Social Services, the health centre and cemetery functions.

Sewer services include the operating activities of the Sewer Fund that relate to the collection and treatment of wastewater, maintenance of the related equipment, and capital upgrade of the sewer system of the Town.

Water services include the operating activities of the Water Fund that relate to the treatment, distribution, maintenance, and capital upgrade of the water system of the Town and the outlying Irrigation District.

For the year ended December 31, 2022

Im Zakall Director of Finance May 9, 2023

Corporation of the Town of Osoyoos

Statement of Severance Agreements

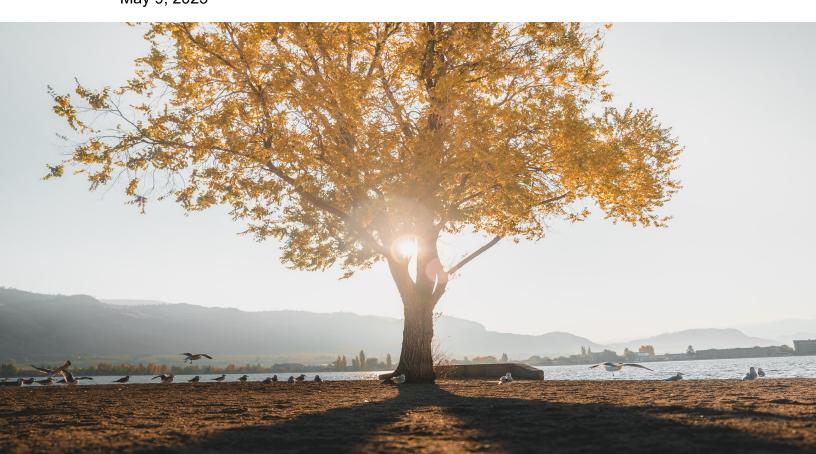

There were three severance agreements under which payment commenced between the Corporation of the Town of Osoyoos and its non-unionized employees during the fiscal year 2022.

These agreements represent 16 months of compensation.*

* "Compensation" means (These severance agreements were determined based on salary).

Prepared under the Financial Information Regulation, Schedule 1, subsection 6(7).
