### Notes:

The information provided in this table is a summary of current and proposed zoning regulations. Please refer to the current Zoning Bylaw No. 1085 as well as the most recent version of Draft Zoning Bylaw No. 1395 for actual and proposed regulations.

To see which parcels the RS1 Zone is to be applied under Zoning Bylaw No. 1395, please refer to the most recent copy of Schedule '2' (Zoning Map) of the bylaw on the Zoning Bylaw Update webpage: <https://www.osoyoos.ca/council/zoning-bylaw-update>

Not all parcels currently zoned R5 under Zoning Bylaw No. 1085, 1998, *may* be proposed for transition to the new RS1 Zone.

The Town has submitted a request to the province to delay implementation of SSMUH zoning requirements to 2029 due to water and sewer infrastructure concerns.

If this Extension request is granted, the list of principal uses permitted in the RS1 Zone will be amended to remove “apartment building” and “townhouse”.

Similarly, permitted densities (see the “Maximum Density” row in the table above) in the RS1 Zone will be amended to allow only the following:

- a) the total maximum number of principal and accessory dwelling units on a parcel is two (2); and*
- b) the maximum number of single detached dwellings on a parcel is one (1).*
